

No. C/E. 221/TRSO/18/SOBs

Date: 12/09/2018

**SOB-17/2018**

**ALL RUNNING STAFF**

**Sub:** Loco log book remarks regarding VCD isolation - Reg.

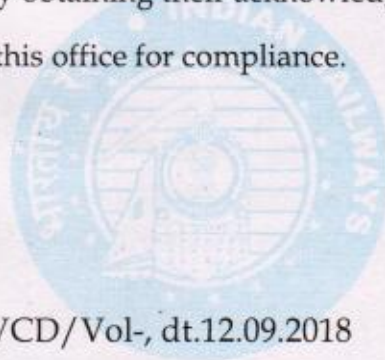

\*\*\*

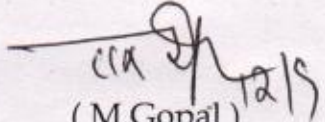

It is observed that in case VCD is isolated, crew are not entering clear remarks in loco log book. Since VCD is a safety item, isolation of VCD should be clearly mentioned in loco log book.

Therefore, all the Loco Pilots/Asst. Loco Pilots are instructed that if VCD is isolated, same to be informed to Territorial TLC, clear remarks should be mentioned in loco log book and same should be fed in CMS while signing off.

All CLIs are advised to counsel/educate their nominated Loco Pilots/ALPs/Shunters on the above instructions duly obtaining their acknowledgement.

The feedback may be sent to this office for compliance.
