\*\*\*\*\*

Your firm is registered with this Railway for supply of Medical Stores / Consumables, with registration Number **MD/SCR/\_\_\_\_\_/Surgicals** and validity till \_\_\_\_\_

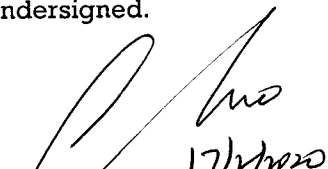

On perusal of your registration file, it is seen that the exact description of the product, authorisation letter/s from the Original Manufacturer/s (OM/s ) for such products and appropriate BIS/CE/FDA certifications are not available in the file. This has caused and is causing difficulties in the tendering process. Also, it is observed that many enquiries sent to your firm have not elicited response. Hence it is not clear if you are marketing such products as required by us.

In the light of above, you are advised to visit our website [www.scr.indianrailways.gov.in](http://www.scr.indianrailways.gov.in) from there click "About us">Departments>Medical > "LIST OF MEDICAL STORES /CONSUMABLE ITEMS REQUIRED BY THIS RAILWAY". You can download the list of items provided in the above link in Excel format. Subsequently, you are advised to indicate only those items wherein you are manufacturer / distributor of the product, matching the specifications required by us in the Excel Sheet. Hard and soft copies of such sheets, duly signed by Authorised Signatory with clear details like Name, Firm name & address, phone number with firm's rubber stamp affixed on all sheets of the product list should be submitted to this office.

You are also advised to submit the Authorization certificate from original manufacturer and BIS/CE/FDA approvals as appropriate for such items within two weeks of receipt of this communication.

In case you fail to do so within two weeks, it is deemed that you are not marketing such products, for which you have not responded to our tender enquiries floated from time to time. Such items will be deleted from your registration file and you will not be receiving any future enquiries for such items.

Any clarification regarding the above can be sought from the undersigned.
