

Technical Specification: Model MRI-4LS

Description	: Mini cordless Rechargeable LED based Safety Inspection Lamp with Four Light Sources built in battery with individual charger
Design	: Ultra light weight
Weight	: 225 Grams I 5%
body Type	: Aircraft aluminum alloy anodized, rust proof and mechanical shock. Resistant
Front dia :	: Minimum 40 mm.
Wearing Flexibility	: The Lamp unit enable to wear on head directly or on the Helmet with its attached smooth flexible elastic head strip and adjustable to select illumination angle as per user requirement to up or to down wards.
red light back side	: Designed a red led light to glow back side along with white illumination to restrict the impact of an incident while in working.
Battery	: Maintenance Free 3. 7 Volts 5600 m Ah. Li-ion 18650 (2 X 3. 7 V 2800 mAh.)
Battery Back up	: Work Mode: 8 Hrs Long Range: 3 Hrs
Charging Type	: In built charging circuit
Charger	: Power Adaptor AC 1 10-250 V 50/60 Hz. And out Put of DC 4. 2 V I 0. 5 V 1000 mA.
Charging Time	: 8 Hrs.
Type of LED	: Super Bright white LED
LED Capacity	: 3 Watt
Switch Type	: Electronic Switch-Push to ON and Push to OFF model
Modes of Lighting	: Four Modes 1 Bright and long range 2: Work Mode 3 : Flashing (SOS) 4 : Zoom in and Zoom out
Illumination	: Minimum 2000 Lux in Bright Mode and 1000 Lux in Work Mode at one Meter distance with full charged batteries
Warranty	: One Year from the date of delivery
Make	: S & T/WORKSHOP/MFT
Model	: INSPLAMP
