It has come to notice during vigilance investigation, that PO rate was more than the MRP for the subject item. In this regard, Vigilance has suggested the following:

1. All the purchase officers to identify and handle cases where firms have quoted rates more than MRP and draw their attention to the protective clauses available in para 0300 of IRS conditions.

Para 0300 of IRS conditions: Quotations of rates by Contractors.

a) The price quoted by the Contractor shall not be higher than the controlled price fixed by law for the stores or where there is no controlled price, it shall not exceed the prices or contravenes the norms for fixation of prices laid down by Government or where no such prices or norms have been fixed by the Government, it shall not exceed the price appearing in any agreement relating to price regulation by any industry in consultation with the Government. In any case, save for special reasons stated in the tender, the price quoted shall not be higher than the lowest price charged by the Contractor for stores of the same nature, class or description to a private purchaser, domestic or foreign as well as Purchaser Governments.

(b) If the price quoted is higher than the controlled price or where there is no controlled price, the price usually charged by the Contractor from a private Purchaser, domestic or foreign, as well as Purchaser Government for the stores of the same nature, class or description the Contractor will specifically mention this fact in his tender giving reasons for quoting higher price(s). If he fails to do so or makes any mis-statement, it shall be lawful for the Purchaser, (i) to revise the price at any stage so as to bring it in conformity with the Sub clause (a) above or (ii) to terminate the contract and forfeit the Security Deposit.

2. In all the tenders related to filters of different types used in locomotives/EMUs/DEMUs etc., a special tender condition may be added for firm to indicate the MRP of the item in India, as fixed by the manufacturer / importer. Alternatively, possibility of obtaining product and MRP catalogue every year from such manufacturers may be explored.
3. While handling receipt of any material, the receiving officials must check the MRP, if any, printed on the product / packaging and in case such MRP is lower than the All Inclusive Rate in the PO, the same may immediately be brought to the notice of the depot officer and the concerned purchase officer.

This issues with the approval of competent authority.
