Sub: Inclusion of items for lab tests in contract agreements – Reg.

.....

During the vigilance preventive checks, it is noticed that items for quality assurance tests, which are to be carried out by agency at their own cost which are part of main NS item/SSR item, are being incorporated in the original schedule or variations of contracts.

In view of the above, the following instructions are issued:

1. It shall be ensured that no separate items, either in the original schedule or in the variations for those tests, which are supposed to be carried out by the agency at their own cost as per contract conditions/ IRUSS, are incorporated.
2. It is to be seen that these items are not operated, even if included in the ongoing agreements.
3. It shall be ensured that payments are deducted, if made for such tests, in all the ongoing agreements.

This is issued with the approval of CAO/C/SC.
