South Central Railway

Greetings to all members of the SCR family, It is the onset of a festive season and my good wishes go to all of you.

For Railways, festivals are the time to enhance capacity and meet increased expectations of rail users who either travel for family get-togethers or an outing. South Central Railway has undertaken a wonderful job to cater the high rush of passenger traffic by running

around 1430 special trains between April-September 2019 connecting various destinations to provide additional accommodation for over 15 lakh passengers, besides augmenting several regular services with more coaches. I acknowledge the role played by SCR's workforce to go beyond the call of normal duty and fulfill the gigantic task. This is yet another testimony of how the railways remains awake to ensure rail users sleep comfortably.

SCR had the privilege of hosting the Hon'ble Vice President of India, Shri Venkaiah Naidu Garu who graced his presence at Gudur to inaugurate and dedicate a host of developmental works which strengthen rail infra and enhance user satisfaction. Most importantly, a new engineering marvel took shape on the zone with the commissioning of India's longest electrified tunnel on the Venkatachalam-Obulavaripalli rail line, which was opened for freight traffic. This attainment is a feather in the achievement filled cap of the Zone.

We have reached the halfway mark of the current fiscal and it is time now to switch gear to attain higher speed on the performance path. In a challenging scenario, it is imperative to step up the stairs or be left behind only staring at it. I am confident that each one of you will rise to the occasion and dedicate your fullest to the task for taking the Zone, distinctly high on the performance ladder.

All the Best.

(Gajanan Mallya)
General Manager

Communication leads to community, that is to better understanding, lasting intimacy and mutual valuing. Successful organizations always hold their internal communication in good stead to keep its employees in know of the happenings within. South Central Railway is proud to have HUM DUM, the quarterly house journal which serves as a strong medium to keep everyone well informed of all the news on events and beyond.

The last fiscal quarter has seen SCR earn recognition for its performance efficiency, environmental initiatives and infrastructure advancements. The pages inside will provide an insight of the same. The Public Relations department went a step ahead to focus SCR's very big achievement - the opening of the 6.6 Km Electrified Tunnel on its network, the longest on Indian Railways. With a view to project this technology treat as well as other landmarks that the zone accomplished, a National Media Tour for journalists based in Delhi was organized which evoked huge publicity throughout India. Credit goes to our dedicated and ever energetic General Manager Sir for briefing the Media with aplomb.

HUM DUM belongs to us all. It would be encouraging for the editorial team if readers share their stories, views and more, so as to make this House Journal more participative. Do also popularize the e-edition of HUM DUM which can be accessed on SCR's website.

Have an informed read.

Good bye until the next issue.

Shri M. Venkaiah Naidu, Hon'ble Vice President of India
Dedicates / Inaugurates various Rail Developmental Works and Passenger Amenities

Gudur Railway Station – September 01, 2019

Flagged off

- Tr.No. 12743 Gudur – Vijayawada Intercity Superfast Express

Dedicated to the Nation

- Electrification of Venkatachalam – Obulavaripalli Railway Line
- India's Longest Electrified Rail Tunnel

Inaugurated

- New Platforms 4&5
- 2nd Foot Over Bridge at Gudur Railway Station

Shri M.Venkaiah Naidu, Hon'ble Vice President of India flagged off the newly introduced Gudur – Vijayawada Intercity Superfast Express at a glittering function held at Gudur Railway station on September 01, 2019 in the presence of Shri Suresh C. Angadi, Hon'ble Minister of State of Railways, Shri G.Kishan Reddy, Hon'ble Union Minister of State for Home Affairs and a galaxy of other dignitaries and railway officials.

The Hon'ble Vice President of India dedicated Electrification of Venkatachalam – Obulavaripalli Railway Line; India's Longest Electrified Rail Tunnel (6.6 kms between Cherlopalli – Rapuru) and Remodeled Yard at Gudur

Railway Station to the Nation, besides inaugurating New Platforms 4 & 5 and 2nd Foot Over Bridge at Gudur Railway Station.

Addressing the large gathering Hon'ble Vice President of India Shri M.Venkaiah Naidu termed the day as most memorable with the long cherished aspirations of the people in the region coming to fruition. The need for a fast and convenient Intercity Train from South Coastal belt of Andhra Pradesh to the capital area after formation of the new state is what made him strive to get the train okayed from the Rail Ministry. He went on to highlight the fact that rail development has picked up pace including in Andhra Pradesh, thanks to the positive approach of Hon'ble Prime Minister and the Rail Ministry.

Earlier, Shri Suresh C Angadi, Hon'ble Minister of State of Railways in his address stated that the various rail projects completed and commissioned in the region are on account of the concern shown by Shri M.Venkaiah Naidu in developing rail and economic connectivity in the region. The motive for Indian Railways is focused on Safety, Punctuality and Clean rail services, he added.

Shri Gajanan Mallya, General Manager, in his welcome address spoke of the Zone's commitment to expand and enhance the quality of its services.

Shri M. Venkaiah Naidu, Hon'ble Vice President of India visits Venkatachalam – Obulavaripalli New Railway Line, travels the length of India's Longest Electrified Tunnel on the route

August 31, 2019

Shri M. Venkaiah Naidu, Hon'ble Vice President of India visited the Venkatachalam – Obulavaripalli New Railway Line connecting the adjoining districts of Nellore and Kadapa in Andhra Pradesh State

The Hon'ble Vice President travelled the entire length of India's Longest Electrified Tunnel (6.6 kms) on the route between Rapuru and Cherlopalli Railway Stations. He was accompanied by the media during the visit.

Addressing the gathering of local people at Cherlopalli, Shri M. Venkaiah Naidu stated that the commissioning of Venkatachalam – Obulavaripalli new Railway line is a childhood dream come true. He stated that due to relentless efforts made by him through several years as a Union Minister the project was sanctioned and finally completed, which has given him the happiness of lifetime.

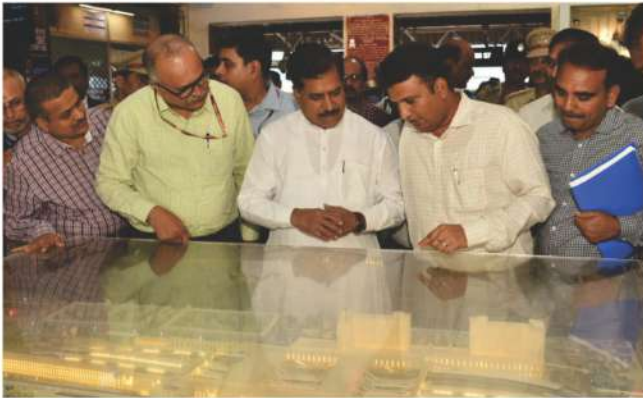

Shri Suresh Angadi, Hon'ble Minister of State of Railways who accompanied the Hon'ble Vice President during the visit stated that no words can describe the happiness of the people of Nellore and Kadapa Districts, with the commissioning of the Venkatachalam – Obulavaripalli new rail line.

Shri Anil Kumar, Hon'ble Minister for Irrigation, Government of Andhra Pradesh and Shri B. Durga Prasad, Hon'ble Member of Parliament were amongst those present. Shri Gajanan Mallya, General Manager, Shri Pradeep Gaur, Chairman and Managing Director, Rail Vikas Nigam Limited and Shri P.Srinivas, Divisional Railway Manager, Vijayawada Division, accompanied the Hon'ble Vice President during the visit.

Shri Suresh C Angadi, Hon'ble Minister of State of Railways reviews Tirupati Railway Station Redevelopment Works

Tirupati Railway Station, August 30, 2019

- The Hon'ble Minister undertook an extensive tour of Tirupati Railway Station, covering the entire station premises from the main (North side) till the South side entrance area.
- Visited the Food Track - the catering outlet maintained by IRCTC at the station to check the quality of food and expressed appreciation for the standards maintained.
- Interacted with passengers and enquired on the availability of facilities at "Athithi AC Premium Lounge".
- Sought detailed information on the status of developmental plans at South Side entrance and instructed the officials to speed up the process of executing the approved plans for passenger convenience.
- Inspected Foot Over Bridge, waiting halls on Platform No.1 and had a detailed view of Tirupati Railway Station Redevelopment Model on display at main concourse area.

Improve Green Cover to Maintain Environmental Stability

SCR Celebrates 73rd Independence Day

August 15, 2019

SCR joined the Nation in celebrating the 73rd Independence Day. Shri Gajanan Mallya, GM, unfurled the National Flag and received the Guard of Honour at Railway Sports Complex Ground, Sec'bad.

Contingents representing RPF, RPSF, Civil Defence Organization, NCC, Scouts & Guides and National Green Corps participated in the March Past. GM in his address highlighted the SCR's performance during the current fiscal and said that, major thrust area of SCR is augmentation of infrastructure. During April to July 2019, Zone has commissioned

the vital 93 Kms new electrified Rail line project linking Obulavaripalli & Venkatachalam.

GM stated that, the achievements of the zone shall always spur to perform better and our workforce has got the capacity to deliver the best. He advised all the staff to join hands and travel the journey of success in the ensuing months, so that SCR like always remains the epitome of performance and service.

Shri K.Siva Prasad, PCOM, Shri G.John Prasad, PCCM, other Railway Officials attended the meeting, which saw the presence of senior executives of various cement companies too.

To Protect Environment – Ban on Single Use Plastic

What is single use plastic

Single-use plastics are disposable plastics meant for use-and-throw.

Examples of single-use plastic include - plastic forks and knives,

plastic shopping bags, plastic coffee cup lids, plastic water bottles, bottle caps, Food wrappers, plastic sachets, Styrofoam and plastic take out containers, Styrofoam cups or plates, plastic straws etc

Bad Effects of Plastic

According to World Wildlife Fund (WWF), plastic is harmful to the environment as it is non-biodegradable, takes years to disintegrate. Single-use plastics slowly and gradually break down into smaller pieces of plastic known as micro plastics. It takes several years for the plastic to decompose leading to contamination of soil, water and

food chain. Single-use plastics may represent the epitome of today's throwaway culture. The United Nation's Environment reports just nine per cent of the world's nine billion tonnes of plastic has been recycled. Most of our plastic ends up in landfills, our oceans and waterways, and the environment. Plastic materials do not biodegrade.

Ban on Single Use Plastic

In his Independence Day speech on August 15, Hon'ble Prime Minister, Shri Narendra Modi, urged people and government agencies to "take the first big step" on October 2 towards freeing India of single-use plastic. He has asked the people of India to free the country from single-use plastic.

On October 2, 2019, at the Sabarmati river front in Ahmedabad, our Prime Minister

announced that India would phase out single-use plastics by 2022. "We have to build an andolan (movement) to induce behavioural change which was at the heart of Mahatma Gandhi's philosophy," the prime minister said.

In line with the above directions, Indian Railways has decided to enforce a ban on single-use plastic materials on its premises, including trains, with effect from October 2, 2019.

Resolve to be eco-friendly as a responsible citizen!

It's actually not too difficult to be eco-friendly. The biggest challenge lies in stepping out of your comfort zone and doing things differently. Instead of taking up bigger challenges, let's take baby steps. Today's baby steps will mark the beginning of tomorrow's revolution. Some of the suggestions helpful in being eco-friendly are :-

- ✂ Always carry a cloth bag in your purse or car when you step out for shopping.
- ✂ Choose reusable cutlery for parties. Stainless steel cutlery renting options are available, in case you need cutlery in large numbers
- ✂ Do not line wet waste bins with newspaper or plastic.

There is nothing disgusting about the wet waste bin. Your wet waste bin is like your food plate, whatever you cook for yourself but is not consumed goes into the bucket.

- ✂ Avoid gift wrapping in glossy paper
- ✂ Use reusable containers while buying food and other items like tea, juice etc
- ✂ Use reusable party decorations. Renting decoration options are available.
- ✂ Convince young children about sustainable lifestyles. Young children are the best ambassadors. Once they are aware, they will spread awareness around them and eventually, entire society will be enlightened.

Swachhta
Hi Seva

Swachhata Pakhwara (Fortnight) Cleanliness Drive by SCR Shri Gajanan Mallya, General Manager administers pledge for Cleanliness

Massive Shramdaan on September 17, 2019

- The Swachhata Pakhwara (Fortnight) Cleanliness drive has been undertaken by South Central Railway with the Swachhata Pledge administered by Shri Gajanan Mallya, General Manager to Officials and Staff at SCR Head Quarters, Rail Nilayam, Secunderabad on September 16, 2019.
- A Signature Campaign was also launched by the General Manager to bring awareness and reiterating commitment towards practicing Swachhata program. Shri John Thomas, Additional General Manager, SCR, Principal Heads and other senior officials were also present.
- As part of "Swachhata Pakhwara", South Central Railway undertook "Massive Shramdaan" across the Zone on September 17, 2019 with main focus on "Collection of Plastic Waste" to eliminate the plastic pollution in railway premises.
- The "Swachhata Pakhwara" has been observed from 16th September to October 2, 2019 leading to culmination on Mahatma Gandhi's 150th birth anniversary.

SCR Launches 'Swachhata Hi Seva' Campaign to Minimize Use of Plastic

- Shri Gajanan Mallya, General Manager launched the 'Swachhata hi Seva' campaign and participated in various cleanliness activities on September 11, 2019 at Kacheguda Railway station along with Shri John Thomas, Additional General Manager, Principal Heads of Various departments, Divisional Railway Manager, Hyderabad Division and other Railway officials.
- As a part of this campaign, the General Manager inspected food stalls to ensure cleanliness and participated in Swachhata activities in the premises of Kacheguda station. He advised the staff to maintain cleanliness and minimize the use of plastic.
- The General Manager also interacted with the passengers to create awareness on the ill effects of plastic and advised them to reduce the use of single use plastic.
- General Manager administered a pledge to Railway officials, staff along with Rail passengers and also took part in a rally to

spread awareness on 'Swachhata hi Seva' campaign. At Secunderabad station, Shri Anand Bhatia, Divisional Railway Manager, Secunderabad Division administered a pledge to the Railway officials, staff & passengers and also participated in 'Shramdan' to mark the Swachhata campaign

- Apart from keeping the station premises clean, SCR is now placing emphasis on making necessary arrangements to minimize generation of plastic waste and is also ensuring its eco-friendly disposal.

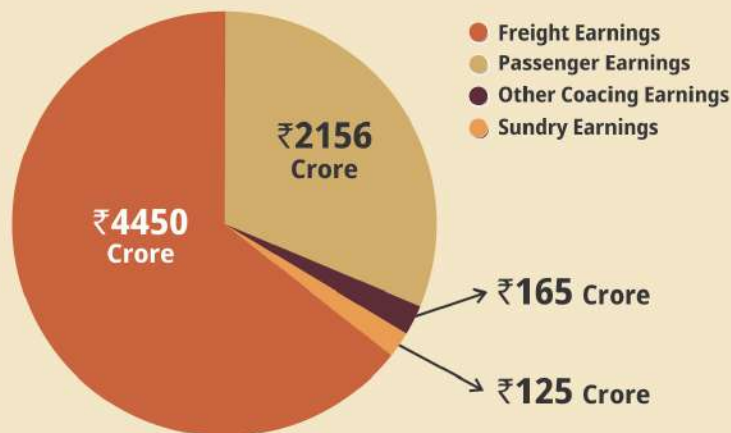

Accordingly, the Swachhata campaign was held at Zonal and Divisional levels to create awareness and encourage the public to refrain from using single use plastic. The Swachhata hi Seva campaign was held from September 11 to October 2, 2019.

- Shri Gajanan Mallya, General Manager during his interaction with the media requested them to create awareness among the General public and Rail users to reduce the use of plastic and also to keep the station premises clean to protect the environment.

Half Yearly Performance of South Central Railway

Gross Originating Earnings ₹6896 Crore

Automatic Coach Washing Plant Inaugurated

Kacheguda, August 29, 2019

Hyderabad Division of SCR has set up a modern Automatic Coach Washing Plant (ACWP) at Kacheguda Railway Station, which was inaugurated by Shri Gajanan Mallya, General Manager, South Central Railway.

The fully automated washing plant located at the Train maintenance hub, the Coaching Depot at Kacheguda has been commissioned at a cost of Rs.2.5 crores including the plant maintenance for the next five years.

Salient features of Automatic Coach Washing Plant

- ✂ Automatic Coach Washing Plant is a multistage external cleaning which basically involves using high pressure water jet, horizontal and vertical rotating nylon and cotton combination brushes etc.
- ✂ Each train rake of 24 coaches takes around 15 minutes to undergo cleaning while the electricity consumption is just around 10 units. The advantages accruing from Automatic Coach Washing Plant primarily relate to the excellent cleaning quality of entire train lengths achieved in the shortest possible time.
