PRIME TALK

The dawn of a new year heralds fresh beginnings and the advent of a festive month. I extend my warm greetings to all members of the SCR family and wish that the times ahead are happy, healthy and prosperous for all.

The financial year until now has been a mixed bag for South Central Railway. The Zone has yet again surpassed the ₹ 10,000 Crore mark in Gross Originating earnings during the 9 month period between April-December, 2019 registering a total of ₹ 10,270 Crore. This is a reasonably good achievement in the face of the challenging scenario in the transport sector. But on the flip side, we are short of the targets set to be attained. Therefore, the last three months open up a very hectic period for us, requiring each one of you to put efforts beyond 100% and make the Zone attain the best possible results. We shall remember the fact that, health of the organisation ensures our good health too.

The last three months kept me busy inspecting various sections across all Six Divisions of SCR. I have noticed that there is a strong zeal amongst the workforce at all levels to work hard, which is a good augury. This strengthens my belief that the customer satisfaction is not just achievable, but will become a continuous habit. The Chairman Railway Board who visited the Zone during November, 2019 had a word of praise for SCR's commitment to perform, which shall act to boost our morale further.

I expect you all to innovate and implement fresh strategies which can derive peak results. What is important is the fact that you can't have peak performance without first having a peak purpose. I seek the Officers and Supervisors to draw the purpose and encourage all others to achieve the performance peak by the end of the fiscal, so that the Zone remains true to its image as one of the best on Indian Railways.

Best Wishes.

Jai Hind!

(Gajanan Mallya)
General Manager

South Central Railway had a slew of events, keeping everyone busy during the last 3 months. We have seen some National Level initiatives of the Government, implemented with gusto on the Zone. Reports coming in from all Divisions have shown a hugely successful campaign concerning the flagship programs of the centre such as Rashtriya Ekta Diwas, Celebrations of Constitution Day and Sewa Diwas - 150th Birth Anniversary of the Mahatma. The involvement of Officers and Staff in these programs signified, SCR's own contribution towards the greater cause of an inclusive India.

Shri Gajanan Mallya sir, our dynamic General Manager has successfully added springs to the feet of the workforce, by his reach out and encouragement all through during his inspections in particular. We can expect that the challenges to our performance expectations will be overcome with the pro active involvement of the workforce. Speaking volumes for SCR's plans to develop the system in tune with public needs, General Manager has held meetings with Hon'ble Members of Parliament all over the network which will contribute to a cohesive action plan.

Amongst the interesting aspects of attainments during the last three months are, Inauguration of a world class synthetic hockey turf at Railway Sports Complex, Secunderabad and introduction of Android based tablet PC's for Loco Pilots, fine tuning their skills immensely. A host of other passenger and employee centric measures added to make the last quarter fulfilling.

Hum Dum brings all these happenings for you to peruse in a nut shell. I am sure the pride of wearing SCR's jersey will make everyone live up to its name too. Our capabilities are beyond imagination. Let us remember, the only limits in our life are the once we create in our mind.

October 28, 2019 – November 02, 2019

- South Central Railway observed Vigilance Awareness Week from October 28 to November 02, 2019.
- The objective of the Vigilance Awareness Week is to bring about alertness amongst the public and government employees through participative and pro-active vigilance management, to bring down the menace of corruption to zero.
- The theme for the current year's Vigilance Awareness Week is "Integrity the way of Life".
- A Bicycle Rally, Walkathon and Formation of a Human Chain marked the culmination of Vigilance Awareness Week on SCR
- The day commenced very early with the Vigilance wing of SCR conducting a Bi-cycle rally and Walkathon, which were flagged off by Shri Gajanan Mallya, General Manager, SCR at Rail Kalyan, Mettuguda, Secunderabad in the presence of a huge gathering of railway personnel as well as outside public who joined the rally to convey their support towards eradication of corruption in the society and build ethical practices.
- Ms. Chandrima Roy, SDGM and Chief Vigilance Officer, SCR, Ms. Jayanthi Mallya, President, SCR Women's Welfare Organisation and Principal Heads of Departments were also present.
- The bi-cycle rally and walkathon culminated at railway officers club, Tarnaka, Secunderabad.
- Following the two events, a human chain was formed on the Tarnaka – Mettuguda Road, with participants from various sections of the society joining the rail personnel to highlight the cause for a corruption free society.
- The General Manager, Shri Gajanan Mallya, who joined the walkathon and the human chain formation later, addressed the gathering.

Sewa Diwas to commemorate 150th Birth Anniversary of Mahatma Gandhi

Hyderabad Railway Station, October 02, 2019

The 150th Birth Anniversary of the Father of the Nation Mahatma Gandhi was celebrated in a befitting manner on SCR. "Sewa Diwas", Community Service Day was observed on the entire network across all railway stations. General Manager, administered the Swachhata Pledge to Officials, Staff & Volunteers at Hyderabad (Nampally) Railway Station. A Nukkad Natak (Street Play) focusing on the dangers of plastics and the need to stop using the same was held on the occasion, which caught the attention of a sizeable crowd of rail travelers at the station. GM interacted with rail users and explicitly campaigned to encourage them on the need to maintain cleanliness, stay away from using plastic bags and other such items. Representatives of NGOs, youth and children in large number joined the occasion.

SCR Loco Pilots Go Hi Tech – Join Digital Band Wagon

October 28, 2019

- SCR marching towards digitalization has taken steps to introduce Android based Tabs (Tablet PCs) in the working of Loco Pilots and reduced the burden on them by implementation of Common Mini Line Box (CML) system.
- Loco Pilots are vital to the organization and play a key role in train operations.
- In order to provide easy access with single reference SCR has developed an in-house Android App and loaded the same in the Tablet PC along with all the reference Manuals for reference on any subject related to their working,
- In addition, E-rough journal is also incorporated in the TABs for entering the voluminous data by the Loco Pilots, which otherwise they used to write manually.

Introduction of Common Mini Line (CML) Boxes

- Loco Pilots usually carry personal equipment line box equipped with all essential tool kit, protection equipment and communication equipment which are required in day to day working.
- To overcome the difficulties with Personal Line Box, SCR has introduced the system of CML Box in all the Six divisions, which has eliminated requirement of loading/ unloading of Line Boxes.
- CML boxes are loaded at first zonal crew change point of SCR and remains in the engine till next zonal crew change point.
- This has resulted in overall recurring monetary saving of approximately ₹ 1 crore per annum. Introduction of CML Boxes in place of Personal Line boxes over the zone is also recognized as one of the Best Innovation at Railway Board Level.

Let's plant the tree and Make this World pollution free

November 13, 2019

Trees are our best friends because they clean the air we breathe. They also clean the water and soil and ultimately make the earth a better place. It is also a fact that people who live near trees are healthier, fit, and happier than people who do not. Most importantly by saving plants, we are not doing any favour to plants but to ourselves only. Because trees and plants life does not depend on us but our lives depend on them.

Importance of Trees

- Trees are important to us in a lot of ways and we cannot ignore their importance. They are important because they give us fresh air to breathe, food to eat and shelter/shade from sunlight and rainfall.
- There are many medicines in the market that are made up of trees extracts. Apart from this, there are plants and trees that have medicinal value.
- They bring peacefulness, create a pleasing and relaxing environment. Also, they help in reflecting the harmful rays of the sun and maintaining a balanced temperature.
- They also help in water conservation and preventing soil erosion and thus manage the ecosystem.
- Trees help in fighting back the climate changes by absorbing greenhouse gases which are the main cause of climate change.
- Moreover, they replenish groundwater and filter the air from harmful pollutants and odours.
- They are a great source of food and the king of fruits 'Mango' also grow on trees.
- Moreover, they are the cause of rainfall as they attract clouds towards the surface and make them rain.
- Above all, they are a good source of reducing air, water, noise pollution and also keep the balance in the ecosystem and ecology.

We can say that trees are very important and beneficial for every life form on earth. Without them, the survival of life on earth will become difficult and after some time every species starts to die because of lack of oxygen on the planet. So, to save our lives and to survive we have to learn the importance of trees and also have to teach our children the importance of trees.

Tree Plantation over SCR

- South Central Railway has also drawn its priorities to focus on Environmental friendly initiatives all over its network, with a view to contribute its mite to a greener railway, the end goal of the nation's lifeline, Indian Railways.
- During the period from April - December, 2019 SCR has undertaken Block Plantation and Boundary plantation on large scale.
- Block Plantation of 8 lakh trees in the area of about 859 hectares of land
- Boundary Plantation of 7 lakh trees along 622 Route Km of railway track

Nurseries

- South Central Railway, as part of another major step towards Green Initiatives, has setup small nurseries at 18 different locations over the zone covering the area of around 15,000 Sq. meters.
- In commemoration of 150 th Birth Anniversary of Mahatma Gandhi on 2nd October, 2019, SCR has identified 3 locations in each division and developed small nurseries in the railway land adjacent to railway track, totaling to 18 locations over the zone.
- In addition, one more nursery has been developed recently near Medchal.
