

## Press Note for Cargo Express

South Central Railway is privileged to announce a new first of its kind service on Indian Railways, **Cargo Express** — a time tabled freight train between Sanatnagar, Hyderabad and Adarsh Nagar, Delhi **starting from 5th August, 2020**, for next 6 months.

The distinguishing features of this train are

1. For the first time in nearly four decades, to aid small and medium sized customers, Indian Railways is permitting **wagon level indenting**, i.e. customers having even one wagon material of 62 tonnes can book their cargo on this train.
2. Scheduled departure and arrival at both ends with average **speed of 50kmph** end-to-end and **transit time of just 34 hours!** Departing every Wednesday evening from Hyderabad and reaching Delhi on Friday morning; departing every Saturday evening from Delhi and reaching Hyderabad on Monday morning.
3. The tariffs are on average **Rs. 2500 per tonne** from Hyderabad to Delhi and vice-versa, depending on the type of commodity, which is about 40% lesser than existing railway parcel and road tariffs.
4. Huge benefit for industries, agri producers, traders as they can move their cargo in record transit times and at very low tariffs.
5. The Cargo Express can be tracked real time on <https://fois.indianrailways.gov.in/>

Loading / unloading facility is available at Sanatnagar and Adarsh Nagar goods sheds at reasonable rates.
